

TorchLyte™ *Touch*

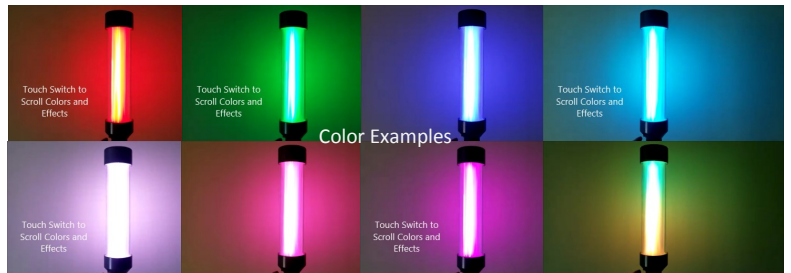

Special Effects LED Lamp

TorchLyte™ *Touch* Special Effects LED Lamp has special effects features including our exclusive Patented Ultra-realistic Flame Effect. TorchLyte *Touch* comes standard with Touch control to select 12 colors and 3 different animation effects. TorchLyte™ includes 72 Ultra-bright LEDs for area illumination, housed in an extremely durable enclosure. You may include the optional IR Remote to control unlimited lamps, battery level viewing and timer function. The lamp has three mounting options; a Base Stand, Direct Burial or Stake pole. TorchLyte™ is low voltage powered wired connection and has an optional rechargeable battery powered pole section for portability. Light up your patio, walkway or stage. Great for casual mood lighting or add excitement to a special event.

Includes: (1) TorchLyte Lamp with half pole with Touch button control (you need to select Mounting option)
